It has been suggested that these tents could be pitched in the field just opposite the Home for incurables, or even on the loc which more recently has been used by the circuses exhibiting here. These matters, however, can be settled later, if the requisite money can be raised the other dentils will quickly adjust themselves. And whatever happens, these old soldiers are going to have the best obtainable.

It is conservatively estimated that the five days of the reunion will bring at least \$500,000 to Richmond, and this money will be scattered in almost all directions. It will go principally to the botel and boarding-house keepers and to the provision men, but much of it will find its way into other channels. # Omega Oil

## FOR Rheumatism

Perhaps the most common, the most painful, the most discouraging disease of today is Rheumatism. Some cases yield quickly

when Omega Oil is well rubbed in, but in other cases patience is required.

It is safe to say nearly everybody

could be cured of Rheumatism if they stopped eating sweet, fatty foods and very little meat while using Omega Oil. You can't stop a fire if some one keeps setting it

Leave pork, coffee, sweets and fat things alone. Drink plenty of pure water and milk. Keep the bowels open and the feet warm and dry. Don't expose yourself in damp weather. At night rub the ailing parts with Omega Oil. Use plenty of oil and plenty of rubbing. Dip a towel in hot water and wring out all the water you can. Then tie this hot towel over the sore place. After the towel cools, remove it. Then wipe off the moisture and put on more Omega Oil, covering it up for the night with a dry cloth. In the morning wash the place thoroughly clean, and rub on more Omega Oil. This treatment is the safest and surest known

I have been troubled with Rheumatism every winter. Recently I had to stop work, because I had it so had all through my body. I was told to try Omega Oil. I got a bottle and rubbed myself with it about a dozen times, and now the rheumatism is all gone. I am a street-car conductor with the Union Traction Company, and am out in all kinds of weather.
